## HT Update – 27 August

Dear Parents/Carers,

I hope you are having a good week so far. We certainly are here at CCHS, despite the weather conditions.

Following the Deputy First Minister's announcement on Tuesday, it will be obligatory for all young people to wear face coverings in school in communal areas and corridors as of Monday 31<sup>st</sup> August. This will be required during breaks and lunchtimes when indoors and during quiet times also. (i.e if a young person chooses to go to the toilet during class time, they should be wearing their covering as they move around corridors and communal spaces)

We know that face coverings can help suppress the virus and this is a positive move forward in continuing to mitigate risk.

We would like to know if we can support in anyway by providing a face covering for your child or indeed for you to share with us if your child may be exempt from wearing a face covering.

Please can I ask for your support in completing the following survey so that as a school community, we are able to support your child and are well prepared for next week.

I thank you once again for your understanding, unrelenting support and cooperation. I look forward to sharing the successes of the week and other updates in my HT bulletin tomorrow.
